

# Nap Rest

for the Diffrient World<sup>®</sup> Chair

Humanscale<sup>®</sup>

**The Humanscale Nap Rest accessory offers unparalleled comfort and total ergonomic support for the head and neck on our award-winning World chair.** Unlike traditional headrests that use complex adjustments, the Humanscale Nap Rest features a simple cradle-like support that only engages the user once they reach a 50% recline.

An optional accessory for the Diffrient World chair, the Nap Rest's form flows seamlessly with the chair's aesthetic. Designed with Niels Diffrient's World chair aesthetic in mind, the Nap Rest's front and side profiles flow as if it is an extension of the chair.
